

# The Nutrition DNA Test

**Brand:** Orig3n, Inc.

**Product Code:** Orig3nNutrition

**Availability:** 200

**Weight:** 0.60kg

**Dimensions:** 50.00cm x 30.00cm x 20.00cm

**Price: \$139.99**

**Ex Tax: \$139.99**

## Description

The Nutrition DNA Test is a gene profile that provides insights into the ways your DNA may have an impact on how your body responds to food and nutrients. Discover which foods may be beneficial, what you should potentially avoid, and what might make you feel better. Food to some is like medicine and pleasure. Hunger is a primal force.

- Are you inclined to like — or dislike — certain foods?
- How well is your body potentially able to absorb and process vitamins?
- How might your genes impact weight loss and gain?
- This is a great test to learn more about your self then you didn't think was possible.

## Specification
